

TURN YOUR COMPASSION INTO ACTION!

## Spay or Neuter Your Pet Today!

Did you know that **one** female dog and her offspring can give birth to 67,000 puppies in six years?

Not only does spaying and neutering your pet help control the pet population it can also make a better pet:

- 🐾 Spaying or Neutering your dog may help it live a longer, healthier life.
- 🐾 Spaying or Neutering your dog can eliminate or reduce a number of health problems that can be very difficult or expensive to treat.
- 🐾 Spaying eliminates the possibility of uterine or ovarian cancer and greatly reduces the incidence of breast cancer.
- 🐾 Neutering eliminates the possibility of testicular cancer and decreases the incidence of prostate disease.
- 🐾 Spaying and Neutering creates a better, more affectionate companion animal.
- 🐾 Unsterilized animals exhibit more behavior and temperament problems.
- 🐾 Spaying a female dog will eliminate her heat cycle.
- 🐾 Neutering makes a pet less likely to roam the neighborhood, run away, or get into fights.
- 🐾 Communities spend millions of dollars to control unwanted pets.
